

# Prince Patel

princep@mit.edu | linkedin/in/princegpatel | ppatel22.github.io

## EDUCATION:

---

### Massachusetts Institute of Technology

*Expected 2025*

BS, Computer Science and Artificial Intelligence with a Minor in Mathematics, GPA: 4.8

- Relevant Coursework: Fundamentals of Statistics (18.650), Deep Learning (6.S898), Intro to Machine Learning (6.036), Optimization Methods (6.7201), Intro to Algorithms (6.1210/6.006), Probability and Random Variables (18.600), Linear Algebra (18.06), Intro to C and Low-level Programming (6.1900/6.0004)
- Organizations: South Asian Association of Students (Big Events Committee), Phi Kappa Theta (Risk Manager)

## WORK EXPERIENCE:

---

### Epicore Biosystems

*June 2023 – Sep. 2023*

Data Scientist

- Implemented a generalized linear model for forecasting sweat rate by leveraging accelerometer and temperature data, enhancing the accuracy of the hydration-tracking wearable compared to the previous hard-coded estimation algorithm
- Presented outcomes of implementing new predictive model to company executives and potential investors

## RESEARCH EXPERIENCE:

---

### Biomechatronic Group, MIT Media Lab

*Mar. 2023 – Present*

Undergraduate Researcher

- Attempting to predict intentions of upper extremity amputees and translating to continuous prostheses control
- Implemented computer vision assisted hand tracking as an additional layer of training data validation, thereby reducing the cognitive load on patients during data collection

### Marine Robotics Lab, MIT CSAIL

*Dec. 2022 – Apr. 2023*

Undergraduate Researcher

- Trained a goalie and locomotion policy for a quadruped and bipedal robot in Isaac Gym using a Proximal Policy Optimization reinforcement learning program
- Accessed the robot's onboard cameras and LiDAR sensors to add data inputs to the existing RL policy

## EXTRACURRICULAR EXPERIENCE:

---

### MIT 2026 Class Council

*Mar. 2023 – Present*

Vice President

- Collaborated with campus organizations to forge partnerships, expanding the reach and impact of class-wide initiatives
- Orchestrated initiatives to foster class unity, promote inclusivity, and cultivate a welcoming environment for all students

### MIT Capital Partners

*Mar. 2023 – Present*

Sourcing Principal

- Demonstrated expertise in analyzing industry trends, competitive landscapes, and growth potential of startups
- Employed strong communication skills to establish mutually beneficial partnerships with startups and VC clients

## PROJECTS:

---

### Identifying Age-Related Conditions

*June 2023*

- Developed a gradient boosted decision tree model to accurately classify patients suffering from age-related health conditions using unlabelled health metrics

## SKILLS & INTERESTS:

---

- Python (TensorFlow, pandas, numpy), C, Science Communication, Project Management
- Brain-computer interfaces, autonomous machines, volleyball, weightlifting
